# Sparkventure 2.0

## Powering Infinite Potential

'**Sparkventure 2.0** - Powering Infinite Potential' is a student project/start-up funding initiative instituted by **Core Cognitics Limited** and **Cognitry** conducted in association with the Department of Computer Science and Engineering, IIC and IEEE Computer Society Chapter, **Toc H Institute of Science and Technology**, Arakkunnam.

We welcome **project proposals from Engineering & Computer Science students showcasing unique projects or startup ideas**. Exceptional proposals will stand a chance to receive grants to transform their ideas into products. The challenge will run as a 6-month contest cycle, culminating on **25 January, 2026**.

### Objectives :

Empowering creative student projects through financial grants to evolve them into tangible products, thereby cultivating a dynamic and lively environment that stimulates and nurtures a thriving startup ecosystem within the country. The initiative specifically focuses on startup ideas, aiming to ignite innovation among students and serve as a catalyst for their entrepreneurial endeavours.

### Eligibility :

**Applications from students currently enrolled for B.Tech, M.Tech, BCA, MCA , B.Sc Computer Science, M.Sc Computer Science and any other computer science related degrees across colleges in Kerala will be accepted.**

### Team Size :

The team size is limited to a minimum of 2 and a maximum of 4 students, plus a faculty supervisor.

### Domain:

IT solutions to address challenges across various sectors including Healthcare, EdTech, Biotech, Genetics, FinTech, Intelligent Urban Systems, Renewable Energy, AgriTech, Sustainability and Environmental Conservation, Cybersecurity, Business and Retail, Employment and Recruitment, Marketing and Sales, Virtual and Augmented Reality, Quantum computing etc.

### Fee :

No Application fees.

## Core Cognitics Limited

Core Cognitics Limited ([www.corecognitics.com](http://www.corecognitics.com)) is a software solutions company, holding expertise in the area of digital transformation: IT consulting, Artificial Intelligence, Managed IT services, Data Engineering and Analytics and Cloud solutions. The company has established reputation as a trusted technology partner for global companies – delivering intuitive and reliable technology solutions. We take pride in helping business achieve their full potential through innovative digital transformation and AI solutions, while championing the responsible and ethical use of technology.

Core Cognitics help businesses revolutionise their operations by integrating advanced, secure, and sustainable systems that enhance efficiency, enable data-driven decisions, and drive meaningful change. With a focus on transparency and inclusivity, we aim to shape a smarter, more connected future that benefits corporates, communities, and society as a whole. Their services are offered globally through offices in India, Dubai, Qatar and United Kingdom. The company also actively collaborates with top universities and premium educational institutions in developing industry centric technology curriculum for post graduate courses and research.

## Cognitry

Cognitry is more than just an EdTech company. Cognitry is a Career Catalyst. The skill enhancement initiatives aims at nurturing talent and in empowering individuals to embark on a journey of professional excellence. Cognitry partner with individuals, businesses, and educational institutions to bridge the gap between talent and opportunity, providing in-demand skills in Data Science, AI, Cloud Computing, and Full-Stack Development. Such initiatives aid to empower students with actual industry relevant knowledge and hands-on expertise, valuable to employers, equipping them to thrive in the dynamic world of technology. It offers a platform for transformation, where careers are cultivated, and dreams are realized. Cognitry inculcates learning as a transformative experience for unlocking limitless possibilities.

## Toc H Institute of Science and Technology

Toc H Institute of Science and Technology, Ernakulam, established in 2002 (<https://tistcochin.edu.in/>), is affiliated to APJ Abdul Kalam Technological University (KTU) and approved by AICTE, New Delhi, and the Government of Kerala. Toc H is accredited by NAAC (National Assessment and Accreditation Council), with five NBA accredited programs (CE, CSE, ECE, ME & FS) and ISO 9001:2015 Certification which ensures a top-quality learning environment. The college offers nine undergraduate programmes and seven post graduate programmes including MBA.

The Department of Computer Science and Engineering, since its inception in 2002, imparts quality education in the field of B.Tech Computer Science and Engineering, keeping in mind the requirements of the dynamic, innovative and highly global environment of the present era. The UG program, with a sanctioned intake of 150, is accredited by NBA. The department also offers interdisciplinary M.Tech course in Data Science, since 2020, which is one of the most sought after courses globally.

## Funding Details

- Applicants should submit the project/idea proposal in the specified format.
- The best 20 entries among the applicants will be shortlisted at the initial level.
- The shortlisted proposals will be judged further in a presentation process, by a panel of esteemed academicians/industry experts, who will decide the awardees based on the originality, methodology, viability, and impact.
- Runner up certificates will be given to all the top 10 shortlisted teams.
- The total prize money will be up to **₹ 3 Lakhs**, and the prize for each project grant can range from **50,000/- to 1 lakhs** based on the project need. The grant money will be dispersed in three stages as per the milestones achieved.
- The 3 winning teams will be invited for the prize distribution at Toc H Institute of Science and Technology, Arakkunnam on 26<sup>th</sup> June, 2025.
- The 3 winners will also receive a 'Sparkventure 2.0' event **winner certificate and an industry project completion certificate** on the completion and handing over of the project.
- **An additional cash prize of ₹ 15K** and a **certificate of exemplary execution** of project will be given to one or more of the three teams who showcase exceptional project execution.
- All the winners will be considered for **placement opportunities at Core Cognitics Limited** on the completion of their bachelor's degree.
